

HOA How-To Guide

The San Diego County Water Authority and its member agencies are pleased to provide this how-to guide for community associations. Developed with significant industry involvement, the guide is intended to provide a pathway to achieve sustainability for large landscapes.

This guide is a prototype and therefore feedback is invaluable. If you have any suggestions or comments, please email them to Kelly Mooney at kmooney@sdcwa.org by August 31, 2009. Examples of the type of feedback we are interested in receiving include:

- How helpful was this guide? On a scale from 1–10 with 1 signifying unhelpful and 10 signifying very helpful, how would you rate this guide?

- Do we need to clarify any of the content?
- Is the guide missing a step? Are there specific tools or information that would have made the process easier?
- Did you find any errors?

We are looking to obtain feedback from as many groups and people as possible, so if you are affiliated with an organization that is interested in endorsing the guide please send the contact name and the name of the association to Kelly Mooney at kmooney@sdcwa.org.

Thank you in advance for your feedback.

A BETTER WAY TO BEAUTIFUL
